IT CREATES A NEW ISSUE.

What the St. Louis Republic Says of the Primaries Saturday.

St. Louis, Mo., March 13.—The St. Louis Republic under the caption "A Grave Issue," says editorially:

No good citizen can read the story of the Democratic primaries in St. Louis Saturday without recognizing that a new issue has been created, of graver character and higher importance than any question of partisan politics. The story of the day is a tale of outrage and infamy—outrage completely thwarting private right and personal liberty; infamy loading the police authorities with disgrace. It is impossible to speak of the day's occurrences with moderate phrases. They require strong language, and no words can exaggerate the gravity of the issue St. Louis faces. It would have been sufficiently serious if the police had simply been unable to repress the riotous proceedings of the organized gangs of ruffians that invaded the West End precincts. But seriousness of the situation is greatly increased by the overwhelming mass of evidence showing that the police willingly permitted many outrages to go unrebuked, if they did not actually and actively assist the ruffians who committed them.

There is no chance to question the fact that the imported rowdies who ran amok continuously for six long hours in the Twenty-eighth Ward had the sympathy and protection of the police who were stationed at its two poles. Citizens who were shoved and beaten and slugged in their efforts to faithfully execute a high civic duty appealed in vain for police protection. Voters who were personally known to the officers found their appeals as absolutely futile as those who were unknown, and the worst seems to have been passed around that a man with a clean shirt or a decent coat was to be accorded no rights unless he was known to carry a Hawes label.

Mr. Hawes and the leaders who are associated with him, as well as the Board of Police Commissioners and the Chief of Police, must meet the full load of responsibility the riotous scenes of Saturday impose upon them. It will not avail to deny the rioting and outrage. It was witnessed by too many people and is denounced by too many Democrats with lifelong records of party loyalty. It will not avail to disapprove and condemn. The riot at the Clayton primary put everyone on guard, and the duty of Mr. Hawes, of his friends and of the police authorities, who were thus forewarned, was to take effective precautions to prevent similar occurrences at the St. Louis primaries. Sins of omission may be no less grave than those of commission.

In the new and dominant issue thus forced to the front of the people of Missouri, the people of the whole State, are no less concerned than are the people of St. Louis itself. With personal liberty at an end and free suffrage lost in St. Louis, the State is in the gravest danger. The riot of misrule and disorder here carries 111 delegates into each State Convention to misrepresent St. Louis and mislead the State Democracy. It remains to be seen whether the Democracy of Missouri is willing to confirm this domination of rowdies and ruffians.

WILL IMPROVE REPORTS.

City Council Drafts Forms for Report of the Street Commissioner Investigating Committee's Reports—Other Proceedings.

City council met in regular session Monday night, with the mayor presiding and all members present excepting Mr. Cleveland, of the second ward. Two protests were filed against street paving which has been ordered. One for three blocks and one for a half block.

The first protest was against paving Promenade street from Clark avenue to Cole street and was signed by: R. W. Bourne, J. D. Tucker, J. H. Lane, E. H. Arnold, Sr., Carrie Rothwell, W. E. West, Joseph Steinman, Carrie and Hattie R. Kennan and Florence Mason, by W. H. Kennan, agent; Mrs. E. S. Trolan, R. M. Locke, Isaac Roberts, Mrs. J. J. Steele, Mrs. W. B. McIntire, by Rolla McIntire, agent; First Baptist church by W. H. Kennan.

The other protest filed against paving between Olive street and Clark avenue, by B. Armstrong and L. W. Shantz, protested against paving the half block of Jackson between Clark avenue and the alley to the east. It is understood that a resolution to pave the entire two blocks, if introduced again, will not be protested.

In the street commissioners report the following expenses of street work were shown:

First Ward, \$23.65.  
Second Ward, \$57.70.  
Third Ward, \$24.80.  
Fourth Ward, \$27.75.

In the financial statement for the month ending March 1, a balance of \$5,502 was shown in the general fund and \$15 in the special sewer fund. Accountants claims to the amount of \$3,139 were audited and allowed.

Forms for reports of the street commissioners and of the chief were passed upon and adopted. The street commissioner must in the future, in his report of prisoners give name, date committed, fine, cost, amount paid in cash, number of days worked, days in jail, number of meals, cost of board, value of work done, cost of labor and teams hired, prisoners released by whom and when, remarks.

Fire chief's report: location and time of fires and alarms, time of leaving fire headquarters, estimated loss, members present, expenses, time of drill and drill expenses, remarks.

INVESTIGATING COMMITTEE REPORTS.  
The committee appointed to investigate the books of ex-City Marshal Lane and former City Street Commissioner Miller reported and the report was adopted, a motion that the entire membership of the council sign the report being adopted. The report is as follows:

To the Citizens of Mexico:  
The City Council, as a committee of the whole, beg to submit the following as its report on its investigation of accounts of the Street Commissioner and City Marshal for two years, ending April 1, 1903.

During that period we find the total amount of fines and costs assessed to be: \$2383.90. Accounted for: \$2383.25.

Difference: .65.  
ITEMS CHARGED AS FOLLOWS:  
Prison labor: \$1884.40.  
Fines remitted: 126.75.  
Prisoners paroled: 63.95.  
Broke jail: 25.90.  
Executions stayed: 167.10.  
Cases appealed: 63.25.  
Cash turned in by the Marshal: 410.73.

Total: \$2383.25.  
We do not find annual report of the Marshal for the year ending April 1, 1902.

The two annual reports as to prison labor, filed by the Street Commissioner showed about \$444 fines and costs worked out, while his semi-monthly reports show amount to be \$1095.45.

We find that the records of the Police Judge were incomplete. The Street Commissioner's plan of accounting for prison labor we found to be confusing and should be discarded and a better system of book-keeping substituted.

Respectfully submitted,  
E. E. JONES, Mayor.  
J. M. PERKINS, First Ward.  
JOHN ARDAY, Second Ward.  
F. A. SASSERHEIM, Third Ward.  
J. D. PRATT, Fourth Ward.

TO ORDER BRICK MACHINERY.

Committee Leaves for Galesburg to Make Purchases—Stockholders of New Company—Board of Directors.

W. W. Harper, W. K. Potts and M. P. Carpenter left here Wednesday for Galesburg, Ill., for the purpose of ordering machinery for the Mexico Brick and Fire Clay company, recently organized in this city. It is probable that the committee will also employ a superintendent for the plant while in Galesburg.

The new company, which will have its factory on the old Harrison brick yards, will manufacture building brick and vitrified paving blocks and bricks and will be in operation as soon as the machinery can be installed.

The capital stock of the company as now planned, is to be \$50,000, half paid, with the following shareholders:

Dr. T. H. Winans, \$2,500.  
W. W. Harper, \$2,500.  
A. G. Witherspoon, \$2,500.  
M. P. Carpenter, \$2,500.  
J. A. Gladson, \$2,500.  
W. K. Potts, \$2,500.  
W. W. Fry, \$2,500.

John A. Guthrie, \$1,000.  
S. M. Barre, \$1,000.  
Wm. Brown, \$1,000.  
Wm. H. French, \$500.  
S. M. Locke, \$500.

W. L. Harper, \$500.  
The board of directors is composed of W. W. Harper, A. G. Turner, C. A. Witherspoon, J. A. Gladson and M. P. Carpenter. Officers have not yet been elected. The factory will have a capacity of 50,000 bricks a day and when in full running order will employ a large number of hands.

**Pneumonia Weather.**

From the New York Herald.  
"The wide prevalence of coughs, colds, grip and pneumonia marks an experience of severe and protracted winter weather the like of which we have not seen for many a year. The stubborn persistence of catarrhal troubles is also a marked feature of the depressing influences which follow a long season of rapidly changing low and raw temperatures. The man is fortunate indeed who has not been at some time since Christmas confined to his bed with a 'cold' of some sort that he cannot succeed in curing. This condition of affairs has existed for months, and the end is not yet. In fact, it behooves all careful people to be on their guard against all catarrhal troubles more than ever."

March is a typical pneumonia month and gives a high rate of mortality for the disease. One reason for this is that after our long and hard winters the system loses its natural resistance to cold. Only the hardy ones are likely to withstand the strain, and even these are by no means safe when grip is increasing almost to epidemic manifestation.

"The ordinary 'cold,' the grip and pneumonia belong to the same family of winter diseases. Although they may be excited by different infectious influences, their ultimate effects are the same when the attacks are sufficiently severe. An acute catarrh is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces congestion and inflammation of the nasal and bronchial membranes. Obviously such an ailment is not communicable, in the ordinary sense, from one individual to another. As the slightest 'cold' predisposes the individual to attack of the most severe and dangerous catarrhal affections, the necessity for its quick cure need not be enforced."

All these facts emphasize the necessity of extraordinary precautionary measures against the ordinary cold. Every one cannot change his climate at will but may make the most of what he has at home, viz., take Chamberlain's Cough Remedy, making it the first indication of the cold appears. It not only cures a cold quickly but counteracts any tendency of the cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases have resulted in pneumonia when this remedy was used as here even reported to the manufacturers, which shows conclusively that it is not only the best and quickest cure for colds but a certain preventive of that dangerous disease.
